

# The Newport

The Newport has been designed to make the largest family feel welcome. With the master suite and multi-purpose room together at the front of the home, the design is equally well suited to multiple generations as it is to a growing family. Storage is in abundance with built-in robes in every bedroom. The master has a walk-in robe, plus there's a walk-in pantry in the kitchen and two walk-in linen closets.

Livelle Homes
